Condensed Unaudited Consolidated Interim Financial Statements of Colina Holdings Bahamas Limited Three Months Ended March 31, 2012 UNAUDITED

## Message from the Chairman

Dear Shareholders,

Colina's first quarter results are an impressive start to the year. The Company was able to meet the unique challenges of 2011 from a position of considerable financial strength and continue this momentum through the first three months of 2012 to achieve positive growth in key financial indicators including net income, investment earnings and gross premium revenue.

Net income attributable to the Company's ordinary shareholders for the period January 1, 2012 to March 31, 2012 rose to \$1.7 million or \$0.07 per ordinary share, compared to net income of \$1.6 million or \$0.07 per ordinary share for the same period in the prior year. Similarly, gross premium revenues during the first quarter of 2012 have grown by 6.1% or \$1.9 million relative to the same period in 2011.

Income growth was boosted by an increase in the values of a number of Colina's investment securities compared to the prior year. Net investment income for the quarter stood at \$7.8 million compared to \$7.2 million for the same period in 2011.

General and administrative expenses have increased by \$1.2 million relative to the same period in the prior year but remain at 20.2% of total revenues, this percentage being only slightly higher than the previous year's ratio of 19.1%. Net policyholder benefits have increased by \$0.6 million to \$21.8 million compared to the same period in the prior year.

Our solid capital position, high quality investments and disciplined operational capabilities remain a source of competitive advantage. Invested assets remain a significant proportion of the asset base, comprising 81.9% of total assets. Total equity stands at \$118.7 million at March 31, 2012 compared to \$119.7 million at December 31, 2011, decreasing primarily as a result of dividend payments to ordinary and preference shareholders net of contributions from net income.

The environment in which we operate remains challenging but we have a proven ability to adapt and grow our business in the face of external change. Colina continues to commit both human and capital resources to achieving its strategic financial and operational targets, and will proceed cautiously to maximize efforts to deliver on our return targets.

We thank our shareholders, employees and other stakeholders for their continued support.

markes

Terence Hilts Chairman
