Condensed Unaudited Consolidated Interim Financial Statements of Colina Holdings Bahamas Limited Six Months Ended June 30, 2021 UNAUDITED

### Message from the Chairman

Dear Shareholders,

For the six months ended June 30, 2021, the Company recorded net income attributable to ordinary shareholders of \$9.9 million or \$0.40 per ordinary share. This compares to the net income attributable to ordinary shareholders of \$4.8 million and \$0.19 per ordinary share for the same period in 2020.

The results through June 30, 2021 continue to reflect the improved market conditions, with the most notable impact reflected in net investment income for the 6 months ended June 30, 2021 totalling \$21.6 million compared to \$1.1 million for the same period in the prior year, representing an increase of \$20.5 million. Premium revenues are up, totalling \$64.5 million for the first half of 2021, increasing by 6.3% over the prior year's gross written premiums of \$60.7 million.

The increases in net investment income and premium revenues resulted in revenues of \$91.6 million for the six months ended June 30, 2021 compared to \$64.5 million in the prior year.

Net policyholders' benefits have increased through June 30, 2021 to \$43.1 million compared to \$38.7 million for the same period in the prior year. The June 2020 premiums and net benefits were below expected levels due to the business restrictions that were then implemented in response to the onset of the COVID-19 pandemic.

The change in provision for future policy benefits net of reinsurance assets ceded for the 6 months ended June 30, 2021 totalled \$9.6 million.

During the period, the Company continued rebalancing its investment portfolio and facilitated some disposal of securities. Proceeds from these sales are reflected in the increase in cash at mid-year, relative to the prior period.

Total assets at June 30, 2021 were \$807.9 million with invested assets remaining the largest component of total assets, comprising 76.1% of total assets.

Shareholders' equity as at June 30, 2021 totalled \$182.5 million and is net of dividend distributions to the Class "A" preference shareholders for Q1 and Q2 totalling \$1.2 million and dividends to the ordinary shareholders of \$4.0 million or \$0.16 per ordinary share.

Overall, the Company's financials continue to reflect the positive economic effects of the reopening of The Bahamas. CHBL remains focused on strategies that will further strengthen its balance sheet and capital position to provide the Company with the flexibility it needs to continue to meet the needs of policyholders and customers within this changing economic environment.

### 2. Significant Accounting Policies

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") for interim financial information. Accordingly, they do not include all of the information and footnotes required by IFRS for complete financial statements. In the opinion of management, these unaudited condensed consolidated financial statements reflect all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the Company's financial position and results of operations as at the end of and for the periods presented. All significant intercompany accounts and transactions have been eliminated from these statements. The preparation of unaudited condensed consolidated financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.
