Condensed Unaudited Consolidated Interim Financial Statements of Colina Holdings Bahamas Limited Nine Months Ended September 30, 2021 UNAUDITED

Message from the Chairman

Dear Shareholders,

For the nine months ended September 30, 2021, the Company recorded net income attributable to ordinary shareholders of \$12.4 million or \$0.50 per ordinary share. This compares to the net income attributable to ordinary shareholders of \$9.8 million and \$0.40 per ordinary share for the same period in 2020.

The results through September 30, 2021 continue to reflect the improved market conditions relative to 2020. Net investment income totals \$22.7 million for the 9 months ended September 30, 2021 compared to \$8.2 million for the same period in the prior year. The onset of the pandemic in 2020 contributed to significant mark to market valuation losses on investment securities negatively affecting the prior year's net investment income. Premium revenues are up, totalling \$96.4 million for the 9 months ended September 30, 2021, increasing by 2.2% over the prior year's gross written premiums of \$94.3 million.

The increases in net investment income and premium revenues resulted in revenues totalling \$127.1 million for the nine months ended September 30, 2021 compared to \$108.5 million for the same period in the prior year.

Net policyholders' benefits have increased through September 30, 2021 to \$64.4 million compared to \$60.1 million for the same period in the prior year. The September 2020 net benefits were below expected levels due to the business restrictions that were then implemented in response to the onset of the COVID-19 pandemic.

Additional reserves of \$8.0 million were booked during the period to increase the provision for future policy benefits to \$480.3 million from \$471.6 million at December 31, 2020.

During the period, the Company continued rebalancing its investment portfolio and facilitated some disposal of securities. Proceeds from these sales are reflected in the increase in cash at September 30, 2021, relative to December 31, 2020.

Total assets at September 30, 2021 were \$810.1 million with invested assets remaining the largest component of total assets, comprising 74.4% of total assets.

Shareholders' equity as at September 30, 2021 totalled \$181.9 million and is net of dividend distributions to the Class "A" preference shareholders through September 30, 2021 totalling \$1.8 million and dividends to the ordinary shareholders of \$5.4 million or \$0.22 per ordinary share.

Overall, the Company's financials continue to reflect the positive economic effects of the reopening of The Bahamas as it navigates the ongoing pandemic. CHBL remains focused on strategies that will further strengthen its balance sheet and capital position to provide the Company with the flexibility it needs to continue to meet the needs of policyholders and customers within this changing economic environment.
